

OVER-BURDENED TAXPAYERS PROPOSE TO SEEK REDRESS

A Hundred Determined Citizens Will Try to Have Alleged Wrongs Righted.

A MEETING WILL BE HELD

Tomorrow Evening When a Definite Plan of Action is to Be Formulated.

J. H. BROOKES' AID PROMISED

The Dissatisfied Ones Will Strive to Devise Ways And Means to Remedy Inaccuracies And Inequalities in the Assessment.

Ever since the present valuation was fixed upon East Liverpool property there are scores of small taxpayers who have been smarting under the unjust and unequal apportionment, and the sentiment favoring the adoption of some plan that will afford relief has become so strong that the movement has now assumed tangible form.

When the city board of equalization was in session here last spring no very vigorous protests were made for the simple reason, as taxpayers now assert, that they were not aware that it would do any good. The dissatisfied ones have become better posted recently, however, and now feel sure there is a way to bring about a change.

For the past four or five weeks a number of taxpayers have been quietly at work interviewing property owners in different sections of the city with a view to an organized movement for the purpose of seeking redress. So well have they succeeded that they are at the present time more than 100 residents who have signified their willingness and determination to see the affair through at any cost.

After several consultations in the office of an up-town gentleman it was decided to retain an attorney to represent them in the fight against what they term a gross injustice.

It is said that Prosecutor J. H. Brookes was consulted, and has consented to act for the taxpayers. Mr. Brookes was consulted at his office in Lisbon this morning with reference to the truth of the report and the gentleman said:

"Yes, I have been approached by a large number of taxpayers and have consented to give what aid I can in remedying the inaccuracies and inequalities which now exist. The purpose, I believe, is to endeavor to devise ways and means to right the alleged wrongs passed over by the board of equalization. Owing to the small number of protests that were made while the board was in session it would certainly not be right to say the board was not in sympathy with the wishes and desires of these property owners."

"It has been arranged to hold a meeting on Friday night for the purpose of talking the matter over. After that something definite may be said upon the subject."

TEN CANDIDATES

Initiated By Local Order of Home Guards—Other Applications Acted Upon.

The McKinley home of Home Guards held a meeting last night in the hall of the Potters' bank building. Ten candidates were taken into the order and the applications of five others for initiation acted on.

Arrangements were made whereby the hall in the Oyster building on Sixth street will be used for a meeting place of the order in the future, and the regular time of meeting will be on Tuesday night instead of Wednesday night, as in the past. The McKinley home is enjoying a phenomenal growth.

JAIL WELL FILLED

A Female Prisoner Sees the Error of Her Ways—Police Notes.

Arrests were made last night, but the bustle is comfortably filled with culprits previously taken in, who are unable to pay the amount of their fines.

George Brown, who was arrested for

drunkenness and disorderly conduct Tuesday night and fined \$10 and costs, will be taken to the workhouse in the morning. He has been trying hard to make the necessary raise, but his friends seem to have left him to his fate.

Della Cochran, who was also arrested Tuesday night for drunkenness and disorderly conduct, has become remorseful and spends most of her time crying. The mayor told her she would have to go to the workhouse, but as she declares that if liberated she will leave town, it is probable she will be given an opportunity to do so this evening.

James Connors was taken to the county infirmary yesterday by the township trustees. He is badly crippled with rheumatism and will probably remain at the home for indigents until spring.

Other prisoners who were registered as "common drunks" are boarding with Chief Thompson.

Authorized to Sell.

Lisbon, December 12.—(Special)—The executors of the estate of L. L. Shoemaker, late of Salem, have been authorized to sell certain real estate at less than the appraised price.

DENIAL IS MADE

SOLICITOR GASTON REFUTES PUBLISHED STATEMENT

That He Assured Council Full Cost of Street Improvements Could Be Collected.

City Solicitor W. K. Gaston makes a strenuous denial of a statement published in a local daily paper to the effect that he had recommended to council the method of assessing for street improvements according to benefits derived by property owners.

It was also stated that the solicitor assured council that by this method the entire amount of the costs of the improvements on the different streets could be collected. This is also denied by Mr. Gaston.

"Any person with average intelligence," said the solicitor, "knows that such a claim would be absurd. I never thought of making such a statement to council, and as to the recommendation regarding the manner of assessing on the benefit plan which I have been credited with having done, the members of that body know that this matter was brought up before I became city solicitor."

"It makes no difference what amounts are charged against those assessed for street improvements, there is no law that can compel them to pay more than 25 per cent of the appraised value of their property. It will, therefore, be incumbent on the city to remit the money above the 25 per cent limit to those who are assessed in excess of that amount."

Those of the Trentvale street and Calcutta road property owners who are objecting to their assessments are the ones who have been asked to pay more than the law demands, but as the city does not propose to attempt the impossible and try to extort money which it has no right to expect, there is no cause for alarm on the part of those who believe they have been unjustly taxed.

NO ACTION TAKEN

By the Clerks With Reference to Jewelry Firms Closing Regulations.

Nothing has been accomplished toward the enforcement of the closing regulations with reference to the jewelry merchants of the city.

The officers of the Business Men's association have failed to the present in bringing about the end desired by the clerks, and as the latter hold it is clearly their duty to do so, it is not likely any action will be taken by the clerks' union.

AFTER A DIVORCE

Henry Allison, of East Liverpool, Charges His Wife With Unfaithfulness.

Lisbon, December 12.—(Special)—Henry Allison, of East Liverpool, has asked for divorce from Mary Jane Allison. They were married in New Cumberland, W. Va., in 1887, and have four children.

The plaintiff charges unfaithfulness and names Edward Cole, of East Liverpool, and John C. Melvin, of New Cumberland, as co-respondents.

FRIGHTFUL CRASH OF STREET CARS

Two Came Together at Brady's Cut on the Wellsville Line.

NO LOSS OF LIFE RESULTED

But One Motorman Suffered Painful Injuries While the Other Saved His Life By Jumping—A Head-on Collision Hard to Account For.

What seems to have been the work of a careless motorman came dangerously close to causing a horror on the East Liverpool street car line last evening, but fortunately there was no loss of life, though two cars crashed together while running at full speed. The officials of the company have not as yet placed the responsibility for the accident, but judging from the accounts given by the passengers who were aboard one of the wrecked cars, the motorman, Thomas Crawford, took a dangerous risk which should not have been taken.

Crawford was in charge of car No. 1 and left the Diamond about 7 o'clock. On reaching the West End switch he found that he was running behind time and concluded to go down to the Walker switch before passing the next eastbound car.

Turning on the full force of the power Motorman Crawford started his car without losing any time and started towards Wellsville at full speed. The car had proceeded without incident to a point just beyond Brady's cut—more than half of the distance between the two switches—and just after turning the sharp curve at the cut the motorman was horrified on seeing car No. 18, one of the new ones, coming close on to his car.

Realizing that it was too late to prevent a collision Crawford jumped and by so doing doubtless saved himself from a terrible death, as the next instant a terrible crash came and the end of the old car on which he had been standing was smashed to kindling wood.

John Pelly was in charge of car 18, but owing to the closed vestibule he had no chance to jump. However, as his car was the larger and stronger of the two, it was not badly damaged, though much of the glass in the forward end was shattered. Pelly was badly shaken up and bruised, and is thought to be seriously hurt internally.

The passengers on both cars were badly frightened, but none were hurt. They did not see their danger in time to jump, but as car No. 1 had not yet attained full speed after rounding the curve at the cut, the crash was not as terrific as it might have been.

Both cars were disabled and had to be taken to the barn for repairs. The old one was so badly wrecked that it will probably never be used again.

SUPPOSED ROBBERS

Frightened Residents of Jackson Street And Officers Were Summoned.

A telephone message was received by Officer Dawson at the city hall late last night, stating that two suspicious looking men were peeping in the windows and trying the doors of houses on Jackson street.

Officer Mahoney accompanied Dawson to the place where the supposed robbers were seen, but before their arrival the fellows had made their escape. A close watch was kept until an early hour this morning, but no trace of the strangers were found.

OIL EXCITEMENT GETS NEW IMPETUS

Oil excitement received a fresh impetus yesterday in the Turkeyfoot district of Hancock county, W. Va., which is about eight miles from East Liverpool. A 60-barrel producer was struck on the William Bell farm, that adjoins the Carson lease.

The proprietor of the well is E. A. Freshwater, whose father is a resident of this city.

Mr. Freshwater is the well known contractor, who paved in the past few years a number of East Liverpool streets. The well is the strongest that has been bored in Turkeyfoot in recent years.

PEACE PROSPECTS FAST VANISHING

Coal Operators and Miners of Columbiana County Unable to Agree.

BITTER CONTEST EXPECTED

Program for Dedicating Ohio's Andersonville Monument—East Liverpool Students Holiday Vacation. Successful Revivals.

From a Staff Correspondent.

Columbus, December 12.—The operators of the Columbiana county State Line mines have rejected the peace overtures of the men, and it is to be a fight to the death from now henceforth. A week ago everything seemed bright for a settlement, but the reverse seems to be true now. As soon as President Haskins, of the Ohio Mine Workers, returns from the national convention of the Federation of Labor at Scranton, a conference of the officials will be held here to consider the strike and the advisability of calling out the miners of the Massillon field on a sympathetic strike. Vice President Sullivan, who is in the city, admitted that the possibility of a strike had been talked over and said he would not be surprised if such a step would be taken. Secretary Savage, who attended the miners' convention at Massillon last Tuesday, brought back word that the men would go out if it was thought necessary.

Governor Nash and party will leave next Monday afternoon for Andersonville, Ga., where they will attend the exercises incident to the unveiling of the Ohio monument which takes place on the 18th inst. The shaft has been delivered and is now being set in position. It is being erected to the memory of the 1,055 Ohio soldiers who perished in Andersonville prison from February, 1864, to March, 1865. Gov. Nash will accept the monument on behalf of the state and also make the principal oration. Department Commander E. F. Taggart, of Akron, will make an address in behalf of the G. A. R. The party will return Friday. Gov. Nash's southern engagement will prevent his attendance at the dedication of the McKinley building at Massillon on December 19. The Anderson monument commission, of which E. F. Taggart, of Akron, is a member, has filed a report with the governor, in which it is stated that the shaft purchased for the state cost \$5,000.

Rev. M. E. Chatley, formerly of Lisbon, now pastor of the West Fourth Avenue Church of Christ, of this city, has begun a special series of sermons on "Teaching the Disciples of Christ." He will speak on some phase of this text every Sunday from the present time until the latter part of January. Rev. Mr. Chatley has been here a little over six months, but during that time there has been a substantial increase in the membership of his congregation. Evangelist Ferd Schivera has brought his revival to a close in this city. He was here a little over two weeks and drew large audiences. His noon-day meetings at factories, which he made a special feature of during his revival work in East Liverpool, were productive of good results here.

The holiday vacation of the Ohio State university will begin on December 18 and last until the first week in January. Charles Gardner, Lancelot Turnbull, Joseph Frederick, Jas. F. McGarry and John Wallace, of East Liverpool, who attend the institution,

found that the well would produce at least 60 barrels in 24 hours.

In the region of Smith's Ferry the sinking of wells goes on unabated, but there has been no important strikes within the week.

The R. E. Mills company drilled a well on the Wilson farm within 1,100 feet of the 40-barrel well that was recently obtained, but it was abandoned yesterday as a dry hole.

The Minesinger company, who were drilling on the H. T. Booker farm, also abandoned the hole because it proved to be a dry one.

On the Mattock and adjacent farm the Forest Oil company has started two wells. They have their derricks up and are ready to spud for oil.

THE POTTERS' CONVENTION WINDS UP ITS BUSINESS

will leave for home early next week. Grant McDade, of the East End, who is attending the Ohio Medical institute, has suffered considerable from illness during the past few weeks, but has recovered and will also probably return home next week. Milton Smith, formerly of East Liverpool, now in business in this city, will spend Christmas with his parents in the Pottery City. In addition to looking after his business he attends the medical college, from which he will be graduated as a physician in two years.

Randolph W. Walton, correspondence clerk in the governor's office, was among the number who passed the bar examination last week. He will delve into the law for two years yet before hanging out his shingle. Mr. Walton is well known in East Liverpool and elsewhere in Columbiana county, where he has made campaign speeches. He is a rising young man.

Frank Jolly, a young machinist of this city, whose home is in Lisbon, has just announced his marriage to Miss Gertrude Robinson, an estimable young lady of the state capital, which occurred on November 26.

HIS MONEY STOLEN

SMITH'S FERRY MAN "TOUCHED" WHILE HE SLEPT.

While Drunk He Called on a Female Acquaintance Whom He Says Rifled His Pockets.

A middle-aged man giving his name as Cochran and whose home is at Smith's Ferry, called at the office of Justice McCarron yesterday afternoon and wanted to file an affidavit against a woman who also lives at Smith's Ferry, charging her with larceny.

Cochran stated that while intoxicated Tuesday night he went to the home of the woman and while enjoying a siesta on a sofa he alleges she searched his pockets and extracted therefrom the sum of \$16. A small girl accompanied the man, who claimed to be with him when he was robbed.

The justice asked the girl if she would be willing to swear to what she alleged, but after studying for a moment she said she was not sure the accused woman had taken the money. Neither was Cochran, as he admitted he was too drunk at the time he lost his cash to tell for a certainty who took it.

He insisted, however, that the case be investigated, and Justice McCarron referred him to Chief Thompson. That official was found at the mayor's office, but as Cochran could produce no real evidence to substantiate his charges, nothing could be done for him.

He then wended his way homeward, resolving that the next time he got drunk he would put his money in his sock or spend all he had before going out on "social" calls.

TO RECOVER MONEY

A Batch of Suits for That Purpose in Common Pleas Court.

Lisbon, December 12.—(Special)—Joseph Johnson, executor of the estate of Eliza Porter, has sued James A. Sheehan and Margaret Sheehan for \$150 on a promissory note. The suit is from Knox township.

A. C. Ellis & Co., of Pittsburg, have brought suit against Ferguson & Rankin, of Niles, for an account of \$188.45, with interest since 1895.

W. W. Bagley, of East Liverpool, has sued D. K. Parr for \$468. A part of this sum is alleged to be due on land purchased and part as surety on notes.

George M. Chamberlain has brought suit against S. J. Todd and J. C. Kernohan for \$495. Chamberlain built the Palace bowling alley for the defendant in Lisbon for \$795. Lodge Riddle has been made receiver of the partnership. Until recently Todd has been proprietor of the Twentieth Century store here. Kernohan is the son of J. J. Kernohan, of the Hostetter house.

TARIFF TINKERING IS FEARED

And the Manufacturers Propose to Be Watchful of Their Interests—Next Convention Will Probably Be Held at Washington, D. C.

From a Staff Correspondent. Pittsburg, December 12.—The business of the twenty-third annual convention of the United States Potters' association was wound up at about 5 o'clock last evening, and this ended by far the most successful and harmonious meeting ever held by the organization.

The afternoon session was devoted almost wholly to the selection of the officers to serve during the coming year. The nominating committee, headed by William Burgess, was appointed just before the noon adjournment yesterday, and they experienced more difficulty than had been anticipated in settling upon the presidency.

Joseph G. Lee, of East Liverpool, was the choice of the committee, and also of the convention, but would not allow his name to be placed in nomination. There is grave apprehensions among the membership that there will be an attempt made during the present session of congress to dabble with the tariff, and Mr. Lee, with his characteristic foresight and with the best interests of the association always at heart, at once saw the advantage of having an eastern man at the helm, owing to his proximity to Washington. The name of Charles Howell Cook was at Mr. Lee's suggestion placed on the list for president, thus establishing the precedent for a two-term system.

But few changes were made in the remainder of the officers, except in the makeup of the executive committee. The list is as follows:

President—Charles Howell Cook, Trenton.

First Vice President—Joseph G. Lee, East Liverpool.

Second Vice President—James Pass, Syracuse, N. Y.

Third Vice President—W. E. Wells, East Liverpool.

Treasurer—George S. Goodwin, East Liverpool.

Secretary—H. A. Keffer, East Liverpool.

Executive Committee—William Burgess, chairman, Trenton; Col. John N. Taylor, East Liverpool; Frank Sebring, Sebring; Daniel Willetts, Trenton; W. L. Smith, East Liverpool; John A. Campbell, Trenton; C. W. Franzheim, Wheeling.

Art and Design—W. E. Wells, chairman, East Liverpool; D. F. Haynes, Baltimore; J. W. Vodrey, East Liverpool; James Moses and Charles May, Trenton.

Statistics—William Burgess, chairman, Trenton; H. A. McNicol, East Liverpool; John A. Campbell, Trenton; Thomas Carr, Wheeling.

Auditing—Howard B. Moses, chairman, Trenton; George C. Thompson, East Liverpool; Charles Aaron, Pittsburg.

Machinery—Ernest Mayer, chairman, Beaver Falls; Henry Brunt, Baltimore; Joseph G. Lee, D. E. McNicol, C. C. Thompson, East Liverpool; James Pass, Syracuse, N. Y.

Membership—N. A. Frederick, chairman; William Cartwright, Geo. C. Murphy, East Liverpool; James E. Norris, Trenton.

Transportation—H. P. Knoblock, chairman, East Liverpool; John A. Campbell, Trenton; C. W. Franzheim, Wheeling; Jas. Moses, Trenton.

The session ended in time to permit a large number of the representatives present to leave Pittsburg at 6 o'clock. The next meeting of the association will in all probability be held at Washington, D. C. This matter is in the hands of the executive committee, but they will, of course, consult the wishes of the members. The sentiment is in favor of the national capital as the next meeting place.

SOLICITOR GASTON REFUTES PUBLISHED STATEMENT

That He Assured Council Full Cost of Street Improvements Could Be Collected.

City Solicitor W. K. Gaston makes a strenuous denial of a statement published in a local daily paper to the effect that he had recommended to council the method of assessing for street improvements according to benefits derived by property owners.

It was also stated that the solicitor assured council that by this method the entire amount of the costs of the improvements on the different streets could be collected. This is also denied by Mr. Gaston.

"Any person with average intelligence," said the solicitor, "knows that such a claim would be absurd. GEORGE T. BLAKE.

HIS MONEY STOLEN

SMITH'S FERRY MAN "TOUCHED" WHILE HE SLEPT.

While Drunk He Called on a Female Acquaintance Whom He Says Rifled His Pockets.

A middle-aged man giving his name as Cochran and whose home is at Smith's Ferry, called at the office of Justice McCarroll yesterday afternoon and wanted to file an affidavit against a woman who also lives at Smith's Ferry, charging her with larceny.

Cochran stated that while intoxicated Tuesday night he went to the home of the woman and while enjoying a siesta on a sofa he alleges she searched his pockets and extracted therefrom the sum of \$16. A small girl accompanied the man, who claimed to be with him when he was robbed.

The justice asked the girl if she would be willing to swear to what she alleged, but after studying for a moment she said she was not sure the accused woman had taken the money. Neither was Cochran, as he admitted he was too drunk at the time he lost his cash to tell for a certainty who took it.

He insisted, however, that the case be investigated, and Justice McCarroll referred him to Chief Thompson. That official was found at the mayor's office, but as Cochran could produce no real evidence to substantiate his charges, nothing could be done for him.

He then wended his way homeward, resolving that the next time he got drunk he would put his money in his sock or spend all he had before going out on "social" calls.

TO RECOVER MONEY

A Batch of Suits for That Purpose in Common Pleas Court.

Lisbon, December 12.—(Special)—Joseph Johnson, executor of the estate of Eliza Porter, has sued James A. Sheehan and Margaret Sheehan for \$150 on a promissory note. The suit is from Knox township.

A. C. Ellis & Co., of Pittsburg, have brought suit against Ferguson & Rankin, of Niles, for an account of \$188.45, with interest since 1895.

W. W. Bagley, of East Liverpool, has sued D. K. Parr for \$468. A part of this sum is alleged to be due on land purchased and part as surety on notes.

George M. Chamberlain has brought suit against S. J. Todd and J. C. Kernohan for \$495. Chamberlain built the Palace bowling alley for the defendant in Lisbon for \$795. Lodge Riddle has been made receiver of the partnership. Until recently Todd has been proprietor of the Twentieth Century store here. Kernohan is the son of J. J. Kernohan, of the Hostetter house.

COOK AGAIN PRESIDENT

Joseph G. Lee Declining to Run, Wishing an Eastern Man at the Helm.

TARIFF TINKERING IS FEARED

And the Manufacturers Propose to Be Watchful of Their Interests—Next Convention Will Probably Be Held at Washington, D. C.

From a Staff Correspondent.

Pittsburg, December 12.—The business of the twenty-third annual convention of the United States Potters' association was wound up at about 5 o'clock last evening, and this ended by far the most successful and harmonious meeting ever held by the organization.

The afternoon session was devoted almost wholly to the selection of the officers to serve during the coming year. The nominating committee, headed by William Burgess, was appointed just before the noon adjournment yesterday, and they experienced more difficulty than had been anticipated in settling upon the presidency.

Joseph G. Lee, of East Liverpool, was the choice of the committee, and also of the convention, but would not allow his name to be placed in nomination. There is grave apprehension among the membership that there will be an attempt made during the present session of congress to dabble with the tariff, and Mr. Lee, with his characteristic foresight and with the best interests of the association always at heart, at once saw the advantage of having an eastern man at the helm, owing to his proximity to Washington. The name of Charles Howell Cook was at Mr. Lee's suggestion placed on the list for president, thus establishing the precedent for a two-term system.

But few changes were made in the remainder of the officers, except in the makeup of the executive committee. The list is as follows:

President—Charles Howell Cook, Trenton.

First Vice President—Joseph G. Lee, East Liverpool.

Second Vice President—James Pass, Syracuse, N. Y.

Third Vice President—W. E. Wells, East Liverpool.

Treasurer—George S. Goodwin, East Liverpool.

Secretary—H. A. Keffer, East Liverpool.

Executive Committee—William Burgess, chairman, Trenton; Col. John N. Taylor, East Liverpool; Frank Sebring, Sebring; Daniel Willets, Trenton; W. L. Smith, East Liverpool; John A. Campbell, Trenton; C. W. Franzheim, Wheeling.

Art and Design—W. E. Wells, chairman, East Liverpool; D. F. Haynes, Baltimore; J. W. Vodrey, East Liverpool; James Moses and Charles May, Trenton.

Statistics—William Burgess, chairman, Trenton; H. A. McNicol, East Liverpool; John A. Campbell, Trenton; Thomas Carr, Wheeling.

Auditing—Howard B. Moses, chairman, Trenton; George C. Thompson, East Liverpool; Charles Aaron, Pittsburg.

Machinery—Ernest Mayer, chairman, Beaver Falls; Henry Brunt, Baltimore; Joseph G. Lee, D. E. McNicol, C. C. Thompson, East Liverpool; James Pass, Syracuse, N. Y.

Membership—N. A. Frederick, chairman; William Cartwright, Geo. C. Murphy, East Liverpool; James E. Norris, Trenton.

Transportation—H. P. Knoblock, chairman, East Liverpool; John A. Campbell, Trenton; C. W. Franzheim, Wheeling; Jas. Moses, Trenton.

The session ended in time to permit a large number of the representatives present to leave Pittsburg at 6 o'clock.

The next meeting of the association will in all probability be held at Washington, D. C. This matter is in the hands of the executive committee, but they will, of course, consult the wishes of the members. The sentiment is in favor of the national capital as the next meeting place.

MRS. ROOSEVELT CONTRIBUTES TO AN EAST END BAZAAR.

Sent a Little Child a Lace Handkerchief and a Card.

A handkerchief and fancy bazaar will be held at the Second U. P. church under the auspices of the Y. P. C. U. next Tuesday evening. Little June Stevenson, daughter of Elmer Stevenson, wrote a letter to Mrs. Roosevelt, wife of the president, telling her about the bazaar.

Mrs. Roosevelt acknowledged the receipt of the letter by sending her card to the little girl on which she expressed her best wishes and signed her name. But the card was attached to a costly lace handkerchief to form a portion of the bazaar's collection.

SUPPLEE HAS WON

May Get His Pay for Acting as Marshal in Lisbon Village.

W. C. Supplee won his suit Wednesday in the common pleas court at Lisbon again the village of Lisbon. Mr. Supplee had a claim for three months' back salary for services as marshal of Lisbon which the town contested.

In the circuit court Mr. Supplee was given a verdict for the amount, but the defendant succeeded in getting a retrial in the court of common pleas. The amount granted Mr. Supplee by the decision is \$198.21. Solicitor Connell, of Lisbon, says the case will again be taken to circuit court. Judge Hole instructed the jury to find for the plaintiff.

ATTACHMENT SUIT

Resulting From Alleged Non-Payment of Rent For a Dwelling.

A case in attachment has been brought in Justice L. W. Carman's court by Harry L. Davis against Newton McAmur. Davis lives in a house on Pennsylvania avenue which is owned by Mr. Martin. He sub-let a portion of the house six weeks ago to McAmur, who came from New Brighton, Pa.

Davis claims the rent has not been forthcoming. A legal three-days' notice was served, to which, it is claimed, no attention was paid, as McAmur refused to cease being Davis' close neighbor. The suit is brought to attach the defendant's wages.

Revival Services.

Interesting evangelistic services are in progress at the Erie street M. E. church, conducted by the pastor, Rev. George W. Orcutt. The attendance is good and the congregations are being moved by the religious power. There will be no service Saturday evening, but the meetings will continue through next week.

Much Grading Required.

The stone aqueduct across Boyce street, near Pennsylvania avenue, will be completed by noon tomorrow when the street will be open for traffic. A large amount of grading will be required, as the thoroughfare from Pennsylvania avenue to the sewer pipe works is to be raised 18 inches.

EAST END AFFAIRS.

Miss Minnie Rowley, of Calhoun addition, is very ill.

Oliver Howell is erecting a two-story dwelling on his lot in Klondike. A daughter of Vincent Conkle is seriously ill with quinsy at Ralston crossing.

The new 10-room residence of James Elliott on First street is about completed.

C. B. Wilson, a Georgetown business man, was in the East End today looking after his interests.

L. W. Carman yesterday sold a lot belonging to Jason H. Brookes to Geo. C. Morgan, the consideration being \$300. The lot is in Klondike.

Rev. D. A. Greene, of Fairview, Pa., will preach tonight at the Second U. P. church. His daughter, Miss Gladys Greene, will sing a solo. The minister is a brother of Rev. J. R. Greene.

Prof. Henry P. VanLiew, of Wayland, N. Y., is to give the next entertainment in the Epworth League course. He will furnish an illustrated lecture on Cuba, Thursday evening, Dec. 19.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop formation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. The young man who has won Miss Hay's hand is the second son of William C. Whitney. He is tall, very good looking and is well known as an athlete. In 1893 he was captain of the Yale's varsity crew and won front rank as a racket player. Mr. Whitney was admitted to the practice of law last May.

An Ample and Sweet Revenge.

A young Englishman who had been repeatedly and unnecessarily annoyed by the St. Malo custom house officials made up his mind to get even with them. The last time he had crossed he had brought a ferret over with him, and a minute or so before landing he transferred the creature to a black bag, which he carried with extreme care and an evident desire not to attract attention. This immediately fetched one of the douaniers, and he swooped down on it with joyful alacrity.

Our young Englishman pretended not to understand the official until the Frenchman made his meaning clear by unmistakable signs. Then he slowly and reluctantly unlocked the bag. The douanier plunged in his hand, and—but my pen (let me put it down to my pen) refuses to adequately describe the dramatic scene that ensued. Suffice it to say that the bare recital of it was balm to my wounded spirit. I only hope it was our friend at the custom house who made the ferret's acquaintance. How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of the disease is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. That remedy is used in this way by many thousands of mothers, and has never been known to fail. It is, in fact, the only remedy that can always be depended upon, and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

A soft linen bandage saturated with a 1 per cent solution of carbolic acid is excellent for a blistered finger. To relieve a nervous headache apply hot water to the temples and back of the neck. A hot footbath will also materially aid.

Earsache can frequently be cured by wringing out a dannel in boiling water, sprinkling a few drops of laudanum on it and applying it to the ear.

A small quantity of vinegar will generally destroy immediately any insect that may find its way into the stomach, and a little salad oil will kill any insect that may enter the ear.

When your feet are very tired and hot, plunge them into a basin of cold water and keep them there until a sensation of warmth begins. Then dry them and put on fresh stockings and shoes.

A writer states that a teaspoonful of finely grated nutmeg in a teacupful of cold water taken night and morning the first day and then missing a day, repeated on the third day, is a sure cure for boils.

In the early days of California two Scotchmen emigrated thither. One of them, an enthusiastic lover of Scotland, took with him a thistle, the national emblem. The other took a small swarm of honeybees. Years have gone. The Pacific coast is, on the one hand, cursed with the Scotch thistle, which the farmers find impossible to exterminate; on the other hand, the forests and fields are laden with the sweetness of honey, which has been and still is one of the blessings of the western slope of the Rocky

How to Prevent Croup.

It will be good news to the mothers of small children to learn that croup can be prevented. The first sign of the disease is hoarseness. A day or two before the attack the child becomes hoarse. This is soon followed by a peculiar rough cough. Give Chamberlain's Cough Remedy freely as soon as the child becomes hoarse, or even after the cough appears, and it will dispel all symptoms of croup. In this way all danger and anxiety may be avoided. That remedy is used in this way by many thousands of mothers, and has never been known to fail. It is, in fact, the only remedy that can always be depended upon, and that is pleasant and safe to take. For sale by Alvin H. Bulger, druggist.

To relieve a nervous headache apply hot water to the temples and back of the neck. A hot footbath will also materially aid.

Earsache can frequently be cured by wringing out a flannel in boiling water, sprinkling a few drops of laudanum on it and applying it to the ear.

A small quantity of vinegar will generally destroy immediately any insect that may find its way into the stomach, and a little salad oil will kill any insect that may enter the ear.

THE REPUBLICANS IGNORE HIM.

Democratic Senators Held a Caucus
and Decided to Oppose Some of Re-
publicans' Committee Plans—Mc-
Laurin Did Not Attend the Meeting.

Washington, Dec. 12.—The Democratic senators held their first caucus of the present session. Its purpose was to consider committee assignments, but the occasion was more than ordinarily significant because of the general attendance upon the caucus. All the senators elected as Democrats, with the exception of Senator McLaurin, of South Carolina, were present, as were all the senators who were elected as silver Republicans or Populists. All the independents except Senator Teller, of Colorado, had entered the Democratic caucus held just before adjournment last March, but Senator Teller then remained away. He was present, however, at the conference and participated in the proceedings. The caucus was called at the instance of Senator Jones, of Arkansas, who stated that he had thought it possible that the new senators might want to make some change in the officers of the caucus. There was, however, a general expression of satisfaction with the present officials, and Senator Jones was re-elected unanimously chairman of the caucus. The old committee on order of business also was reappointed and the one vacancy on that committee was filled by the selection of Senator Dubois, of Idaho, who was the choice of all the western men of the caucus.

A United Front Urged.

During the proceedings Senator Tillman suggested that there should be frequent conferences and a continued effort to agree upon the main features of all political controversies. There was a quite general response to this suggestion, and the opinion was fairly unanimous that the party should present a united front, permitting no more straggling than was absolutely necessary.

The Democrats decided to oppose the proposed Republican increases in total membership of the committees on claims, irrigation and census. Republicans also wanted increases in total membership of some other committees.

The Republican committee suggested no changes in the committees on appropriations, finance and judiciary, but indicated that they will continue Senator Jones, of Nevada, on that committee, thus practically adding one to the Republican representation and taking one from the opposition representation. The Republicans did not indicate any intention to take care of Senator Wellington in the matter of committees, nor was any suggestion made in the caucus that the Democrats should find places for him.

READ CONVICTION STANDS.

Secretary Root Refused to Interfere
In the Case.

Washington, Dec. 12.—Secretary Root has refused to interfere in the case of Captain James C. Read, formerly a volunteer subsistence officer, who was convicted by court martial of complicity in alleged commissary frauds in the Philippines and sentenced to dismissal and imprisonment for three years. Several important legal points were involved in this case.

Secretary Root decided that a state of war existed in the Philippines at the time of the trial, but has not finally passed on the other question involving legality of the trial of a volunteer officer by a court composed in part of regular officers, as that question is now pending before a western court in the case of another volunteer officer named Deming.

charged against Filipinos by American military courts. According to the record of a court martial convened in the department of the Visayas, which has been received at the war department, Raymundo Fonte, a native, found his working companion, Liberato Benlito, sleeping in his (Fonte's) boat. Fonte became enraged, killed the slumbering man with a blow of an oar, cut off his nose and ears, and, according to his own confession, cooked and ate part of the body. He was sentenced to be hanged at Capiz, Panay, on the 13th instant.

APPLICATION FOR CLEMENCY FOR MISS EASTWICK.

Washington, Dec. 12.—The application for clemency in the case of Miss Eastwick, the American girl in prison in London for "raising" a railroad bond, has been forwarded to the United States embassy at London, and Mr. White, the secretary and charge, will do all in his power to ameliorate the condition of the prisoner. The British government has, it is said, been very indulgent in this case, and there is every reason to expect that it will continue to be so.

An Epidemic of Hog Cholera.

Ebensburg, Pa., Dec. 12.—An epidemic of hog cholera surpassing in fatality any animal malady ever known in this section, is now at its height. Farmers and hog raisers have suffered heavy losses. A. Skelly, of this place, has within a short time lost 17 fine hogs. The state board of health has been asked to make an investigation.

Oyster Dealers Arrested.

Altoona, Pa., Dec. 12.—Eight dealers in tub oysters have been arrested here on warrants issued by James Foust, pure food inspector, charging them with selling oysters containing formaldehyde or other chemical preservatives. Warrants are ready for as many more on the charge of selling impure foodstuffs.

Separation Follows an Elopement.

Terra Alta, W. Va., Dec. 12.—Harry Hardie, who figured in a sensational elopement to Oakland, Md., Aug. 30, last, dodging the pursuing father of the bride and going to Keyser, where the marriage ceremony was performed, has published notice that he will pay no debts contracted by his wife, Myrtle. The couple have separated.

Houston Attorney Arrested For Murder—Bunco Steerer Killed
Two Officers.

Houston, Tex., Dec. 12.—When Officers J. C. James and Herman Youngst attempted to arrest an alleged bunco steerer, Sid Preacher, the latter opened fire with a shotgun. At the first fire he mortally wounded James. He then fired at Youngst, knocking him down, and was on top of him beating the officer, when James raised himself from the gutter and fired three times, killing Preacher. James and Youngst died within the same moment.

A warrant was sworn out for J. B. Brockman, Preacher's attorney, charging him with murder, and he has been landed in jail. It is charged by the police that the attorney advised Preacher to use a shotgun in case any attempt should be made to arrest him.

A boy with two shotguns and a large number of buckshot cartridges, which he said he was carrying to Brockman's office, was arrested and the arms confiscated.

Australia, like the United States,
proposes to exclude Asiatics who are
threatening to overrun her labor mar-
ket, to the exclusion of her own peo-
ple. Australia fears South Sea Island-
ers, as we fear Chinese, and will keep
them out by establishing an educa-
tional test. White men cannot be
dragged down to the oriental standard
of living, and they won't. Charity
they may have for heathen races, but
they recognize that charity begins at
home.

Emperor William has done many
quixotic things and has doubtless
merited some of the censure he has
received. But his order forbidding
dueling among soldiers and officers
and his announced determination to
mete out stern punishment to those
guilty of the practice will meet with
nothing but commendation among in-
telligent Christians. Dueling is a
senseless custom and it has survived
too long.

Chicago and Cleveland are wrest-
ling with the smoke problem. Pitts-
burg, once conspicuous for attempts
to solve it, appears to have given up
the task as a bad job. Yet scientific
smoke prevention is demonstrated to
be practicable, and it will gradually
become more general as manufactur-
ers learn that smoke represents need-
less waste.

A Baltimore society woman has
erected a marble tablet over her pet
dog's grave, and a contemporary
hopes she has left enough space on it
for her own epitaph. Such provision
is altogether needless. The fact that
she erected a gravestone to a dog is
as much as any sensible person will
ever care to know about her.

Good will and harmony reigned in
the deliberations of the United States
Potters' association, and the Pitts-
burg meeting will doubtless prove to
have been a profitable one for all in-
terested. The progressive spirit was
strongly manifested, as becomes an
organization of progressive men.

The American Federation of Labor
proved its wisdom when it refused to
be drawn into a fight against machin-
ery by the Cigarmakers' International
union. Machinery has always won its
way, when it has made increased pro-
duction possible, and seldom has it
failed to prove a blessing.

The loss that Wooster university
has suffered is one that will be keenly
felt and deeply regretted throughout
the state. Fortunately it is not irre-
parable, and it is probable that the
wealthy friends of the institution will
see to it that its usefulness shall not
be impaired.

It is little short of a crime for an
orator like Mr. Cockran to attempt
to delude Boer sympathizers in Amer-
ica with the suggestion that one word
from President Roosevelt can change
a policy for which the British govern-
ment has the warrant of an empire's
will.

The base ball magnates are holding
their annual powwow and, as usual,
talking vehemently against "rowdy
ball." But when the league season
rolls around patrons will get the
same old kind of exhibitions.

Hon. Champ Clark has presented in
congress a batch of free trade bills.
With statements of his stripe it is not
the will to destroy the country's pros-
perity that is lacking, but the way.

Senator Foraker's choice for presi-

dent in 1904 has already been an-
nounced. It is Theodore Roosevelt.
It is decidedly early to sound a key-
note, but the senator has certainly
struck a popular chord.

It is still early winter, but the oil
can used in starting the kitchen fire
and the unscreened coal grate are al-
ready close seconds to the railway
grade crossing in producing business
for the coroner.

Nicaragua is ready to help the can-
al along. All the southern republics
ought to be. A large share of the
benefits it will bring will come to
them.

Despite sermons and legislation, di-
vorces multiply at an astonishing
rate. It's a feature of our civilization
that nobody boasts about.

William J. Bryan is reported to have
declared himself fully recovered from
the presidential fever. Here's hoping
he will suffer no relapse!

If the anarchists would keep their
mouths shut they would escape the
harsh fate of exile or imprisonment.

If the South Carolina senators want
to resign, there is an easy way to do
it. Nobody is holding them back.

Although all the president's facul-
ties are good, his ears are deaf to the
politician with a pull.

Santa Claus and Carnegie are just

AT THE THEATER

The coming attraction for Thurs-
day, Friday and Saturday is the Wills
Bros. company in their always sur-
prising company of comedians, sing-
ers and dancers. The company this
season is one of the best, and once
seen it can never be forgotten. Ev-
erything is new in regard to people,
wardrobe and scenery, and promises
to leave an impression, more so than
the general run of repertoire com-
panies.

The music arranged for the differ-
ent spectacles is all up-to-date and
you can rest assured that it will be
away from all the old style and has
been carefully selected by Prof. W. H.
Gracey.

The popular fun-maker, Frank M.
Wills, who is known the world over
as the best ever, will entertain in his
original style. Mamie Fleming, a
dashing up-to-date soubrette, will
surely please every one with her
clever singing and dancing.

The celebrated rural comedy, "Al-
vin Joslin," which for many years
amused playgoers of all classes, will
be the attraction at the new Grand
for one night, Monday, December 16.
Alvin Joslin is one of those plays
which never grow old, except as old
favorites. Comedy, and lots of it, and
pathos are cleverly mingled. It is
melodramatic enough to hold the at-
tention from the beginning to the end
of its performance, while the comedy
is so good that the audiences are kept

Australia, like the United States,
proposes to exclude Asiatics who are
threatening to overrun her labor mar-
ket, to the exclusion of her own peo-
ple. Australia fears South Sea island-
ers, as we fear Chinese, and will keep
them out by establishing an educa-
tional test. White men cannot be
dragged down to the oriental standard
of living, and they won't. Charity
they may have for heathen races, but
they recognize that charity begins at
home.

Emperor William has done many
quixotic things and has doubtless
merited some of the censure he has
received. But his order forbidding
dueling among soldiers and officers
and his announced determination to
mete out stern punishment to those
guilty of the practice will meet with
nothing but commendation among in-
telligent Christians. Dueling is a
senseless custom and it has survived
too long.

Chicago and Cleveland are wrest-
ling with the smoke problem. Pitts-
burg, once conspicuous for attempts
to solve it, appears to have given up
the task as a bad job. Yet scientific
smoke prevention is demonstrated to
be practicable, and it will gradually
become more general as manufactur-
ers learn that smoke represents need-
less waste.

A Baltimore society woman has
erected a marble tablet over her pet
dog's grave, and a contemporary
hopes she has left enough space on it
for her own epitaph. Such provision
is altogether needless. The fact that
she erected a gravestone to a dog is
as much as any sensible person will
ever care to know about her.

Good will and harmony reigned in
the deliberations of the United States
Potters' association, and the Pitts-
burg meeting will doubtless prove to
have been a profitable one for all in-
terested. The progressive spirit was
strongly manifested, as becomes an
organization of progressive men.

The American Federation of Labor
proved its wisdom when it refused to
be drawn into a fight against machin-
ery by the Cigarmakers' International
union. Machinery has always won its
way, when it has made increased pro-
duction possible, and seldom has it
failed to prove a blessing.

The loss that Wooster university
has suffered is one that will be keenly
felt and deeply regretted throughout
the state. Fortunately it is not irre-
parable, and it is probable that the
wealthy friends of the institution will
see to it that its usefulness shall not
be impaired.

It is little short of a crime for an
orator like Mr. Cockran to attempt
to delude Boer sympathizers in Amer-
ica with the suggestion that one word
from President Roosevelt can change
a policy for which the British govern-
ment has the warrant of an empire's
will.

The base ball magnates are holding
their annual powwow and, as usual,
talking vehemently against "rowdy
ball." But when the league season
rolls around patrons will get the
same old kind of exhibitions.

Hon. Champ Clark has presented in
congress a batch of free trade bills.
With statesmen of his stripe it is not
the will to destroy the country's pros-
perity that is lacking, but the way.

Senator Foraker's choice for presi-

dent in 1904 has already been an-
nounced. It is Theodore Roosevelt.
It is decidedly early to sound a key-
note, but the senator has certainly
struck a popular chord.

It is still early winter, but the oil
can used in starting the kitchen fire
and the unscreened coal grate are al-
ready close seconds to the railway
grade crossing in producing business
for the corner.

Nicaragua is ready to help the can-
al along. All the southern republics
ought to be. A large share of the
benefits it will bring will come to
them.

Despite sermons and legislation, di-
vorces multiply at an astonishing
rate. It's a feature of our civilization
that nobody boasts about.

William J. Bryan is reported to have
declared himself fully recovered from
the presidential fever. Here's hoping
he will suffer no relapse!

If the anarchists would keep their
mouths shut they would escape the
harsh fate of exile or imprisonment.

If the South Carolina senators want
to resign, there is an easy way to do
it. Nobody is holding them back.

Although all the president's facul-
ties are good, his ears are deaf to the
politician with a pull.

Santa Claus and Carnegie are just
entering upon their busy season.

has been received here of the death
of Dr. E. J. Whitehead, of this town,

AT THE THEATER

The coming attraction for Thurs-
day, Friday and Saturday is the Willis
Bros. company in their always sur-
prising company of comedians, sing-
ers and dancers. The company this
season is one of the best, and once
seen it can never be forgotten. Ever-
thing is new in regard to people,
wardrobe and scenery, and promises
to leave an impression, more so than
the general run of repertoire com-
panies.

The music arranged for the differ-
ent spectacles is all up-to-date and
you can rest assured that it will be
away from all the old style and has
been carefully selected by Prof. W. H.
Gracey.

The popular fun-maker, Frank M.
Willis, who is known the world over
as the best ever, will entertain in his
original style. Mamie Fleming, a
dashing up-to-date soubrette, will
surely please every one with her
clever singing and dancing.

The celebrated rural comedy, "Al-
vin Joslin," which for many years
amused playgoers of all classes, will
be the attraction at the new Grand
for one night, Monday, December 18.
Alvin Joslin is one of those plays
which never grow old, except as old
favorites. Comedy, and lots of it, and
pathos are cleverly mingled. It is
melodramatic enough to hold the at-
tention from the beginning to the end
of its performance, while the comedy
is so good that the audiences are kept
in almost a continuous roar of laugh-
ter. The special scenery furnishes ex-
cellent views of well known places in
New York city, where the greater part
of the action of the play is laid.

Frank Keenan is an actor of won-
derful versatility and emotional scope,
as is evidenced in his impersonation
of Hon. John Grigsby, the title role
of the play in which he is starring
this season. In the scenes with his
quaint clients—the odd veterans of
the war of 1812 and the Mexican war—
he is whimsically and delightfully
humorous. When he faces his scound-
relly political enemies he is power-
ful, sincere and tremendous effect-
ive.

REDUCED TAXES

One Man in Chester Succeeds in Getting His Appraisal Lowered.

'Squire Pugh returned last night from New Cumberland, where he attended court, which is now in session. He reports that the proceedings of yesterday were very interesting, especially to residents of Chester. On several occasions since the property of Chester was appraised there have been parties before the court endeavoring to have the appraisal on different properties lowered, but all were unsuccessful until yesterday, when Christian Wetzel was given a judgment. He owns a house and lot on Third street and Virginia avenue, which was appraised at \$1,500 and the court reduced the valuation to \$1,000.

Those yet dissatisfied will be compelled to remain so, the court having decided that the time is up for remonstrances. Ex-Mayor Diehl, of Pittsburg, a stockholder of the Ohio Valley Gas company, was also present, trying to have the gas company's appraisal reduced in Chester and the county, but no decision was given.

TRACTION FRANCHISE

And Other Questions Likely to Be Live Topics in Chester Council.

The franchise prayed for by the Newell Traction company will probably not be considered by council at its meeting tonight, but comes up December 19. The members of the company are Messrs. Johnson, Howard and Pugh, all of Hancock county. Their franchise asks for the right of way from First street down the country road to the corporation line.

If this is granted they will then take steps to procure a franchise from the county for the right of way through Congo and on down to New Cumberland.

Questions of importance promise to make council doings quite lively tonight.

TWENTY-FIVE AT WORK

On the Elevated Track at the Chester Tin Mill.

Work is progressing rapidly in the construction of the elevated track from the switch yard to the producers in the boiler department. There are 25 men in the construction gang, but many more would be used if it were possible to get them. Some of the men skilled tin workers and this kind of work is not very agreeable to them.

Sufficient orders are in the hands of the officials of the mill to guarantee steady operation for several months, and the temporary shutdown of this week will result inconveniently to the employees.

WELLSVILLE PAYING AND PROTESTING

WELLSVILLE CITIZENS KICK ON THEIR TAX ASSESSMENTS.

The Water Problem a Live Issue. Fear of More Contamination of the River.

Messrs. Wells and McDonald have been very busy during the past few days in receiving tax money from the property holders of Wellsville. It has been really amusing to hear the grumbling and kicking of the average taxpayer. Very few have paid their assessments without murmuring. Wellsville is undergoing extensive improvements and the property owners are supposed to pay for it, hence the high rate of assessment—\$3.68 on the \$100.

Tonight the council is expected to prepare an ordinance for having the water works bond issue placed before the voters of the city. Those in favor of the project are a little afraid that the bond issue will again be defeated, the taxpayers being already so heavily burdened. Council decided at the last meeting that the question should be continuously before the people until enough votes are secured.

Many considerate citizens are much in favor of a new water system, holding that within a year the water from the river will be absolutely poisonous. Two prominent physicians stated recently that when the refuse of the tin mill is dumped into the river that the water will be filled with a deadly acid, and that together with the disease germs coming from the sewers above, will have a telling effect on the health of Wellsville residents.

THE FERRY QUESTION

Congo People Petition Court to Annul Watson Johnson's License.

Over in Congo the residents have evidently become disgusted with the ferry service. A petition signed by a large majority of them was presented before the court in New Cumberland last Monday.

The petitioners ask that the court relieve Watson Johnson, the ferryman, of his license and lease both on the Congo and Wellsville shores. The petition was ignored, for the time being, by the court, but will be considered at the next term, which will be in February. A steam ferry is what the people want and they will not rest until they get it.

SEVERAL CANDIDATES

Desire to Succeed D. A. Davidson as Water Works Superintendent.

It is expected that the water works trustees will hold a meeting this week for the purpose of accepting the resignation of Supt. D. A. Davidson and appoint his successor.

Mr. Davidson stated that no one knew who would get the place. There were already three applications filed and more likely. Mr. Davidson and family will move to Lisbon during the holidays.

WOES OF ROYALTY.

The Crown Prince and Princess of Roumania May Separate.

If Dame Rumor has again anticipated a fact, another royal couple have found they are not suited to each other and will go to the divorce court to end their marital troubles. This time the pair said to have found their venture into matrimony a failure are the crown prince and princess of Roumania, and the statement has caused much surprise in Europe, it having always been considered that the match was an unusually fortunate and happy one. It is also said that the prince intends to renounce his succession.

The wife of the crown prince of Roumania, Princess Marie, is the eldest daughter of the late Duke of Saxe-Coburg, formerly the Duke of Edinburgh, and consequently she is a niece of the king of England. She is only twenty-six years of age and was the first member of the British royal family who married outside the Protestant church.

Prince Ferdinand is thirty-two years of age, and, like all other members of the house of Hohenzollern, was educated at the cadet school at Potsdam and is an officer in the German army. If the report that he intends to renounce his claims to the succession proves true, it will be the third time since King Charles ascended the Roumanian throne that the heir presumptive has abdicated his rights. In 1880 Prince Leopold, King Charles' brother, renounced his rights in favor of his son, Prince William, who later made a similar act of renunciation in favor of his brother, Prince Ferdinand.

INDIAN PRAIRIE DOG HUNTS

The Little Animals Are Deemed a Delicacy Dish by the Navajos.

The Navajo Indian, while he cannot be prevailed upon to eat a rabbit, is greedily fond of fat prairie dogs. Large communities of these small animals abound on the western plains, and the Navajo has resorted to many ingenious methods for trapping his coveted delicacy. One of them is by the aid of a bit of mirror placed at the entrance to a burrow. When the animal ventures from his bedroom, deep under ground, he sees a familiar image mocking him at the front door, and he hurries out to confront the impudent intruder, when he is pinned to the ground with an arrow.

But the most effective method is what the Indians call the rain hunt. As soon as the steady downpour of summer rains begin every Navajo who can walk repairs to the prairie dog village with hoes, sharp sticks or any digging implement. With these they hollow out trenches that will lead the storm water into as many burrows as possible. Soon a little stream is pouring down each small home, and the inmate, much disturbed, pops out to see what the matter can be. Many of the animals remain under ground until they are drowned, and their bodies float to the surface.

After such a hunt, in which many pounds of prairie dogs are generally secured, there is a feast for many days in the Navajo huts.—New York Commercial Advertiser.

Columbus, O., Dec. 12.—A suit to test the constitutionality of the Cleveland law under which the city is now being governed was filed in the supreme court. It is a quo warranto suit styled the State of Ohio, ex rel, attorney general, vs. M. W. Beason and the other members of the board of control, otherwise known as Mayor Johnson's cabinet. It is based upon the contention that the act of May 16, 1891, applies only to the city of Cleveland and is therefore special legislation. Attorney General Sheets said the act was so worded that even though there were other cities of the grade and class of Cleveland the act could not possibly apply to them. He did not think that the charters of other large cities of the state would be affected by the decision in this case, because they were not so decidedly special legislation.

REDUCED TAXES

One Man in Chester Succeeds in Getting His Appraisal Lowered.

Squire Pugh returned last night from New Cumberland, where he attended court, which is now in session. He reports that the proceedings of yesterday were very interesting, especially to residents of Chester. On several occasions since the property of Chester was appraised there have been parties before the court endeavoring to have the appraisal on different properties lowered, but all were unsuccessful until yesterday, when Christian Wetzel was given a judgment. He owns a house and lot on Third street and Virginia avenue, which was appraised at \$1,500 and the court reduced the valuation to \$1,000.

Those yet dissatisfied will be compelled to remain so, the court having decided that the time is up for remonstrances. Ex-Mayor Diehl, of Pittsburg, a stockholder of the Ohio Valley Gas company, was also present, trying to have the gas company's appraisal reduced in Chester and the county, but no decision was given.

TRACTION FRANCHISE

And Other Questions Likely to Be Live Topics in Chester Council.

The franchise prayed for by the Newell Traction company will probably not be considered by council at its meeting tonight, but comes up December 19. The members of the company are Messrs. Johnson, Howard and Pugh, all of Hancock county. Their franchise asks for the right of way from First street down the country road to the corporation line.

If this is granted they will then take steps to procure a franchise from the county for the right of way through Congo and on down to New Cumberland.

Questions of importance promise to make council doings quite lively tonight.

TWENTY-FIVE AT WORK

On the Elevated Track at the Chester Tin Mill.

Work is progressing rapidly in the construction of the elevated track from the switch yard to the producers in the boiler department. There are 25 men in the construction gang, but many more would be used if it were possible to get them. Some of the men skilled tin workers and this kind of work is not very agreeable to them.

Sufficient orders are in the hands of the officials of the mill to guarantee steady operation for several months, and the temporary shutdown of this week will result inconveniently to the employees.

PAYING AND PROTESTING

WELLSVILLE CITIZENS KICK ON THEIR TAX ASSESSMENTS.

The Water Problem a Live Issue. Fear of More Contamination of the River.

Messrs. Wells and McDonald have been very busy during the past few days in receiving tax money from the property holders of Wellsville. It has been really amusing to hear the grumbling and kicking of the average taxpayer. Very few have paid their assessments without murmuring. Wellsville is undergoing extensive improvements and the property owners are supposed to pay for it, hence the high rate of assessment—\$3.68 on the \$100.

Tonight the council is expected to prepare an ordinance for having the water works bond issue placed before the voters of the city. Those in favor of the project are a little afraid that the bond issue will again be defeated, the taxpayers being already so heavily burdened. Council decided at the last meeting that the question should be continuously before the people until enough votes are secured.

Many considerate citizens are much in favor of a new water system, holding that within a year the water from the river will be absolutely poisonous. Two prominent physicians stated recently that when the refuse of the tin mill is dumped into the river that the water will be filled with a deadly acid, and that together with the disease germs coming from the sewers above, will have a telling effect on the health of Wellsville residents.

THE FERRY QUESTION

Congo People Petition Court to Annul Watson Johnson's License.

Over in Congo the residents have evidently become disgusted with the ferry service. A petition signed by a large majority of them was presented before the court in New Cumberland last Monday.

The petitioners ask that the court relieve Watson Johnson, the ferryman, of his license and lease both on the Congo and Wellsville shores.

The petition was ignored, for the time being, by the court, but will be considered at the next term, which will be in February. A steam ferry is what the people want and they will not rest until they get it.

STAND BEHIND IT.

Proprietors of Blood Wine Make A Guarantee.

Local Interest Causes Louis Daudelin Co. to Write to One of Our Citizens.

At the request of the Louis Daudelin Co., of Worcester, Mass., we publish the following correspondence between them and a gentleman of the city whose name is withheld at the suggestion of the Daudelin people. We would recommend our readers giving the matter some consideration, as careful investigation seems to prove that all the claims made are true.

LOUIS DAUDLIN CO., Worcester, Mass.
Gentlemen:
I have read very attentively the articles that have appeared here and elsewhere regarding "Blood Wine," and am much interested. I believe if it will do all that is claimed for it that we could use it to advantage here in public institutions. I am given authority to act in this matter, and will ask you to please advise me at your convenience if you stand behind your claims and can make any sort of a guarantee as to its efficacy and your testimonials.

Yours truly,
To this letter the makers of "Blood Wine" replied as follows:

Dear Sir:
We are in receipt of your valued favor and in reply say that "Blood Wine" is all that we say it is. A scientific compound made under the formula and direction of Mr. Louis Daudelin of Paris, France, and contains no wine or opiates. We also truthfully state that it is without exception the most active blood remedy now to be had. Its effect upon the blood is surprising and through this agency many diseases are cured. Catarrh, Pulmonary Diseases, Rheumatism, Kidney Troubles, Indigestion and derangements of the stomach and bowels will invariably succumb to "Blood Wine." "Blood Wine" seemed to do away with fatigue, sleeplessness, failing appetites and the many little ills in the lives of nearly every one. Persons should not buy "Blood Wine" expecting to be cured when they are on the brink of the grave, for nothing was ever made to perform such wonders. Now we will add that we guarantee "Blood Wine" to do all we claim for it, and refer any one to our literature for a complete explanation of what it will do. We will gladly present some charitable institution with \$500.00—upon proof that we use no other than thoroughly genuine and authorized testimonials. Awaiting your further favor, we are,
Yours very truly,
LOUIS DAUDLIN CO., Worcester, Mass.

P.S. We send a copy of this letter to the druggists representing us in your city, and hope same is agreeable to you.

Unlike everything else in the line of proprietary articles, this medicine is on sale at all druggists, and they are authorized to give a free sample to any one. "Blood Wine" costs fifty cents a bottle, but you can sample it free of charge at Will Reed and Hodson's drug stores.

How She Helped a Young Man.
A druggist in Memphis was holding forth recently on the difficulties which beset a young man in his first struggle with the world. "I had a hard time when I first started in business for myself," he said, apropos of a remark made by one of his hearers. "The public has good intentions toward you, but it sometimes has strange ways of expressing them. An old lady used to come in to buy postage stamps. I observed to her one day that she was evidently a great letter writer. 'Oh,' she said sweetly, 'I don't really need all the stamps I buy here. It's only because I wish to help a young man like yourself, just beginning to build up a business, that I purchase them.'"

A Pleasure of Memory.
Drollish bought a phonograph and insisted upon his mother-in-law having her voice registered by the instrument.
As the good woman refused he added maliciously:
"Oh, come, now; just a few words. You can't think how much pleasure it will give me to hear your voice—when you are gone!"—Paris Figaro.

CATHOLICS' LEAGUE.

Societies of the Laity Permanently Federated at Cincinnati.

POPE SENT A BENEDICTION.

Membership of Over Half a Million. Many of Clergy Approve—T. B. Minahan, of Ohio, Was Elected President.

Cincinnati, Dec. 12.—The American Federation of Catholic Societies, temporarily organized at Long Branch last summer and permanently established here this week, will hold its first regular national convention in Chicago, July 15, 1902.

In addition to a membership of over half a million of laity represented here this week, the convention has the endorsement of the pope, the American cardinal, the archbishop of this province, and of a half dozen bishops who have been present, and of very many in the priesthood. It is, however, an organization of the laity. All the officials are laymen, and its objects are for distinctive work from that of the hierarchy.

The only question regarding membership was that of the admission of the women. The committee on constitution did not report in favor of their admission, but the convention took it up and after a long and animated discussion decided to admit them. A constitution was adopted.

A Latin version of the following cablegram was read by Bishop McFaul and received with cheers, followed by continuous demonstrations:

"To the Most Rev. Elder, Archbishop of Cincinnati:
"His holiness most lovingly grants his apostolic benediction to the American Federation of Catholic Societies, assembled in national convention in Cincinnati."

"M. Cardinal Rampolla." T. B. Minahan, of Ohio, was elected president over Judge Thomas W. Fitzgerald, of Brooklyn, by a vote of 143 to 42.

REVISION OF THE CREED.

Great Progress Was Made by the Committee, at Washington.

Washington, Dec. 12.—Considerable progress was made by the Presbyterian revision committee which is preparing a brief doctrinal statement of faith. The important subjects regarding the person and work of Jesus Christ, and regarding also the person and work of the Holy Spirit, were given careful attention, and the further subjects of justification, repentance and the life to come were passed in review. The day was fruitful in results and witnessed the greatest progress that the committee has made. While it is not probable that the work which must be done at this meeting of the committee cannot be presented until some time next week, yet the members say it is possible to see the end of the labors upon the part of the work which has engaged their attention thus far.

WOMEN WANT PEACE.

Filipino League Address Letters to Insurgent Leaders.

Manila, Dec. 12.—The Women's Peace League, organized under the leadership of Senorita Poblete, a Filipino, has transmitted letters, with the permission of General Chaffee, urging peace upon the insurgent General Malvar and other Filipino chiefs. These letters remind the Filipino leaders in the field that the war has destroyed innumerable homes and devastated large territories, all of which, while it abundantly proves the tenacity of the insurgents and their faith in their cause, does not remove the fact that the operations of American soldiers throughout the islands daily demonstrate the resolution of the people of the United States to make their sovereignty respected throughout the archipelago. The league urges the leaders to make peace to avoid greater evils.

The Women's League has received a cablegram to the effect that the Filipino General Lukban, who is in Samar, is pleading for a discontinuance of hostilities.

NAVAL OFFICER RELIEVED.

Accused of Indiscreet Remarks About Cubans.

Washington, Dec. 12.—As a result of statements made in a recently published interview regarding the ability of the Cubans to govern themselves, which have been deemed indiscreet, Lieutenant Commander Lucien Young has been relieved by Secretary Long of his present post as captain of the port of Havana.

MYSTERY REGARDING ASSAULT ON WASHINGTON WOMAN

Washington, Dec. 12.—Up to a late hour last night there had been absolutely no developments tending to throw any light on the mystery which surrounds the assault on Mrs. Dennis, a dressmaker. The victim's condition remains very much the same. The physicians in attendance on her expressed the opinion that if she lives for 48 hours there might be some hope for her recovery. She was conscious at times, but not very rational.

WILL VOTE AGAINST TREATY.

Bacon So Admitted, but Won't Obstruct Ratification—He and Cullom Spoke.

Washington, Dec. 12.—Two speeches on the Hay-Pauncefote treaty were made in the executive session of the senate, one by Senator Bacon, in opposition to the treaty, and the other by Senator Cullom, the prospective chairman of the committee on foreign relations, in support of it. In part, Mr. Bacon said the war restrictions of the treaty were entirely inconsistent with the claims of Senator Lodge (made Tuesday) that this country should say who should use the canal and who should not in case of hostilities. He contended that the only power given to the United States which was not given to Great Britain was found in the last sentence of regulation two, providing that the United States shall be at liberty to maintain such military police along the canal as may be necessary to protect it against lawlessness and disorder.

This, he said, was not sufficient to make the canal an American institution, and if the Davis amendment had been necessary to render the original treaty acceptable it was equally necessary in this instance. He considered the pending treaty every whit as objectionable as the treaty of last session.

Will Vote Against Treaty.

Mr. Bacon announced that while he had no intention of voting for the treaty he would do nothing to obstruct its ratification.

Senator Cullom congratulated the senate and the country upon the fact that there are two things in connection with the new treaty, upon which, he said, practically all are agreed. One of these was the desirability of the suppression of the Clayton-Bulwer treaty, and the other that of the necessity for the construction of an isthmian canal.

He contended, in part, that the new treaty radically changes the conditions presented by the first Hay-Pauncefote treaty, clearly relieving it of the necessity of such an amendment as that made to the old treaty upon the suggestion of Senator Davis, because the treaty itself would permit the United States, under international law, to own, manage and defend the canal in any way that it may choose.

Senator Cullom urged that there is no provision in the pending convention which would interfere without right as a nation to close up the waterway to any belligerent power.

He contended that the provision in regard to the policing of the canal applies only to its control in times of peace and not in time of war. Then, the United States being the owner of the property, under the terms of the law it could control it with either the police or a military power, as it might choose, for the protection of our government and its property.

TO UNIONIZE SCHOOL TEACHERS.

One of Recommendations Adopted at Federation Convention.

Scranton, Pa., Dec. 12.—Business closely relating to the organization of labor in those fields where there is no union and strengthening of the hands of those who have embraced unionism, took up most of the time of the sessions of the American Federation of Labor, which is now in convention in this city. Thirty odd resolutions were considered, upon eight of which final action was taken. All the other propositions were either sent back to committees or referred to the incoming executive council, which has power to dispose of questions referred to it. The great question of trade autonomy is now in the hands of the special committee appointed to consider the subject.

Among the resolutions adopted were these: Recommending that the Federation make an effort during the coming year to organize the school teachers of this country.

Instructing the executive council to use every effort to secure the passage of a national law protecting and legalizing union labels.

The reading of the report of the executive council took up more than an hour.

Schwab Going to Europe.

New York, Dec. 12.—Charles M. Schwab, president of the United States Steel corporation, will leave for Europe shortly after Christmas. He will be absent for two months and will spend his time in England and on the continent. The exact date of his departure has not been determined upon. It depends upon the arrangement of his business affairs.

Attempt to Wreck an Erie Train.

Lima, O., Dec. 12.—An attempt was made to wreck a passenger train on the Erie railroad near this city. Ties were placed on the track. The engineer discovered them, but was unable to stop his train until the ties had been pushed ahead a distance of over 100 feet. The engine was derailed, but no other damage was done.

A Guarantee.

Local Interest Causes Louis Daudelin
Co. to Write to One of Our Citizens.

At the request of the Louis Daudelin Co., of Worcester, Mass., we publish the following correspondence between them and a gentleman of the city whose name is withheld at the suggestion of the Daudelin people. We would recommend our readers giving the matter some consideration, as careful investigation seems to prove that all the claims made are true.

LOUIS DAUDELIN CO.,
Worcester, Mass.

Gentlemen:

I have read very attentively the articles that have appeared here and elsewhere regarding "Blood Wine," and am much interested. I believe if it will do all that is claimed for it that we could use it to advantage here in public institutions. I am given authority to act in this matter, and will ask you to please advise me at your convenience if you stand behind your claims and can make any sort of a guarantee as to its efficacy and your testimonials.

Yours truly,

To this letter the makers of "Blood Wine" replied as follows:

Dear Sir:

We are in receipt of your valued favor and in reply will say that "Blood Wine" is all that we say it is. A scientific compound made under the formula and direction of Mr. Louis Daudelin of Paris, France, and contains no wine or opiates. We also truthfully state that it is without exception the most active blood remedy now to be had. It effects upon the blood is surprising and through this agency many diseases are cured. Catarrh, Pulmonary Diseases, Rheumatism, Kidney Troubles, Indigestion and derangements of the stomach and bowels will invariably succumb to "Blood Wine." "Blood Wine" seemed to do away with fatigue, sleeplessness, failing appetites and the many little ills in the lives of nearly every one. Persons should not buy "Blood Wine" expecting to be cured when they are on the brink of the grave, for nothing was ever made to perform such wonders. Now we will add that we guarantee "Blood Wine" to do all we claim for it, and refer any one to our literature for a complete explanation of what it will do. We will gladly present some characteristic instances with \$500.00—upon proof that we use any other than thoroughly genuine and authorized testimonials. Awaiting your further favors, we are,

Yours very truly,
Louis Daudelin Co.
Worcester, Mass.

P.S. We send a copy of this letter to the druggists representing us in your city, and hope same is agreeable to you.

Unlike everything else in the line of proprietary articles, this medicine is on sale at all druggists, and they are authorized to give a free sample to any one.

NEW YORK TERMINAL

President Cassatt Made Public Plan For Pennsylvania Railroad Co.

STATION TO BE UNDERGROUND,

For Use of Pennsy and Long Island Roads—Lines of Both to Be Connected Underground—Tunnel to Be Built—Electricity Motive Power.

New York, Dec. 12.—A. J. Cassatt, president of the Pennsylvania Railroad company, made public his plan for securing a New York terminus for his company. His statement said in part:

"The Pennsylvania Railroad company is now prepared to carry out its policy, long since adopted, of extending its railroad into New York city, therein establishing a suitable passenger terminus for the accommodation of the public. To accomplish this on a comprehensive plan the Long Island Extension Railroad company will withdraw its application for powers to construct its terminal railroad, and in lieu of such independent construction it is now proposed to build, under the charter of the Pennsylvania-New York Extension Railroad company, just organized, and a New Jersey railroad company about to be organized, a thorough underground connection between the Long Island railroad and the Pennsylvania lines in New Jersey, and to construct a proper and commodious joint underground terminal station in New York city for the Pennsylvania and Long Island roads.

Electricity Motive Power.

"After years of exhaustive study the conclusion has been reached that a tunnel line, operated by electricity, is in every way the most practicable, economical and the best both for the interests of the railroad company and of the city. The line as adopted will traverse the city of New York from the Hudson river to the East river and be underground throughout and at such depth as not to interfere with future construction of subways by the city on all its avenues, similar to the one now building along Fourth avenue.

"The company has acquired the bulk of its property for its principal station, and means to go forward in the acquisition of such additional properties as will be required, either by purchase or condemnation, in the belief that the city authorities will meet their application in a spirit of fairness and expedite as much as possible this much needed improvement and great public convenience. Immediately upon the necessary authority being granted the work of construction will proceed and the whole line be completed and put in operation as soon as possible."

Stephen Bick Was Killed in the Philippines.

Pittsburg, Dec. 12.—The body of Stephen Bick, of the South Side, a soldier of the Twenty-third Infantry, who died in the Philippines, arrived in this city. The funeral will take place next Sunday from the home of his brother in Spring street, South Side, and will be in charge of the Philippine War Veterans, assisted by the Friend Jenkins camp No. 16, Service Men of the Spanish War, of Allegheny. The procession will form at the head of Twenty-second street incline, South Side, at 1:30 p. m. The commander of the Philippine War Veterans, G. H. Smith, has invited the local camp of the Society of the Army of the Philippines and also Camp Hunt, of Pittsburg, to attend.

Postponed Until Today.

New York, Dec. 12.—Albert T. Patrick, the lawyer, who is accused of the murder of William Marsh Rice, was brought into the supreme court on a writ of habeas corpus. The argument on the motion to discharge the prisoner was postponed until today on the representation that the assistant district attorney, who has charge of the case, was otherwise engaged and could not attend.

SOME NEWS IN BRIEF.

A settlement of the strike of the Butler, Pa., street car men is expected this week.

John Jackson, a negro, was stabbed to death at McDonald, Pa., by Richard Liggett, also colored.

A. P. Douglass, a Philadelphia lawyer who was prominently connected, committed suicide by shooting himself.

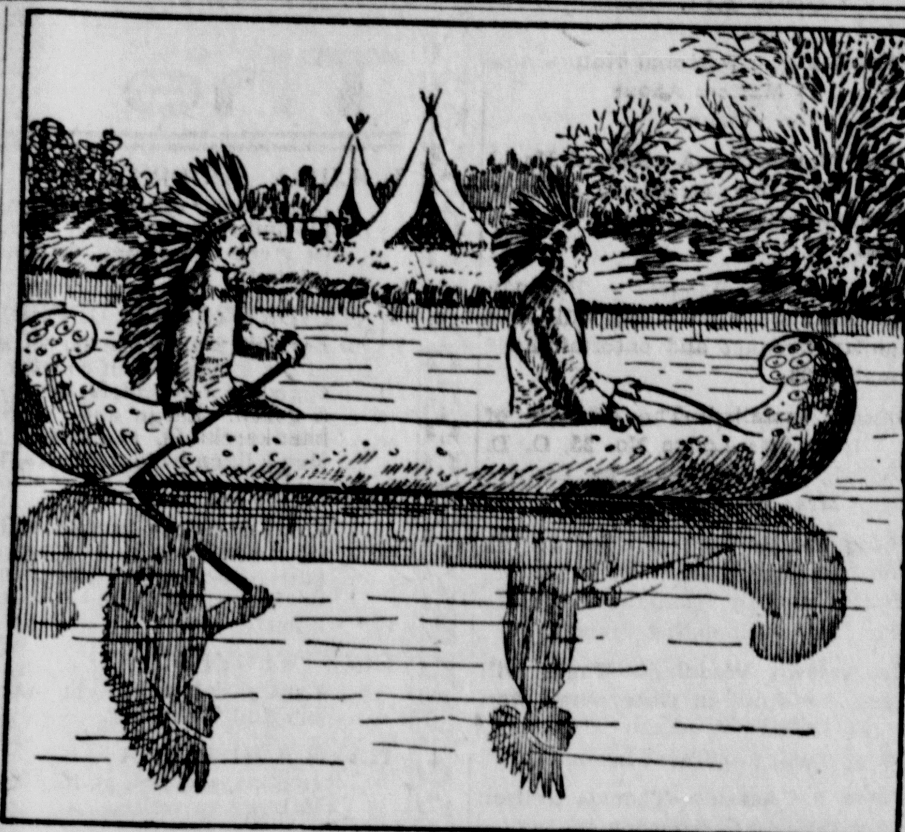

The Pennsylvania Railroad company will drive another tunnel through the mountain at Gallitzin, Pa., to permit the building of needed tracks.

William Sharp, a negro, was fatally shot in a quarrel over a game of cards at Monongahela, Pa., by another negro known as "Pine-Knot" Smith.

Fire at Wayne, W. Va., destroyed 18 buildings and left only two business houses in the town. The losses aggregate \$50,000, on which there is little insurance.

MONEY MARKET UNSETTLED.

Gold Engaged For Export—Call Loan Rate Run Up Movements of Some Stocks.

New York, Dec. 12.—Engagements were made of gold for shipments to Berlin of \$500,000 announced Wednesday, and as much more rumored, the reported shipper declining to confirm the report, and of over \$100,000 in French coin to Paris. Deposits at the sub-treasury were made for transfer to Chicago of \$550,000 and to New Orleans of \$150,000. This depletion of nearly \$2,000,000 in cash was offset by a payment from the sub-treasury of \$1,549,141 in redemption of United States bonds. But this was not sufficient to prevent a late flurry in the call money market again, when belated borrowers sought to cover their needs, which ran the rate up to 10 per cent. The sub-treasury had already taken from the market over \$4,000,000 before Wednesday's operations, including deposits for transfer to the interior. It was reported on Wednesday that Chicago banks had loaned some money on call on the stock exchange, but this operation presumably involves the drawing upon a New York correspondent, and is, therefore, an unsettling influence in the local money market. The course of the loan account of New York banks is beyond provision in advance of the weekly bank statement, but last week's unexpected increase in loans keeps sentiment uneasy, as various syndicate operations remain to be provided for. Belief in the purchase of the Pocahontas Coal company by Norfolk and Western continues prevalent in Wall street, in spite of lack of confirmation, which would involve large loan operations. The sharp decline in Norfolk and Western was connected with this belief. What loan operations may be involved in providing for the payment of the \$5,000,000 Standard Oil dividend on next Monday is not known, but the fact is patent that the credits available in the New York money market are undergoing contraction, and flurries in the money market of frequent recurrence are looked for until the end of the year.

There was some appearance of nursing the market on the part of insiders here and there, so as to suffer as little damage as possible from the inevitable liquidation. The comparative firmness and resiliency of Amalgamated Copper was an effective aid in this purpose. The dealings in that stock again overshadowed the whole market, the price rising to 72½ and falling again to 69½, closing with a net gain of ½. There was a midday rally when the redemption of a large block of government bonds was announced, which carried many stocks above Tuesday's level, Lackawanna rising 4½ and Delaware and Hudson, New York Central and Sugar about a point. Prices generally fell back to the lowest in the late selling movement and closed not much better. The trans-continentals and the local traction stocks were the principal sufferers. Baltimore and Ohio and Norfolk and Western also fell 2½ each, Colorado Fuel 5½; Brooklyn Union Gas, 9, and General Electric, 4.

Bonds were active and irregular. Total sales, par value, \$3,470,000. U. S. old and new 4s and the 5s advanced ¼ per cent on the last call.

SOME SHOT IN COLD BLOOD.

Kitchener Reverts on Killing of Natives by Boers.

London, Dec. 12.—Lord Kitchener's promised statement specifying 37 separate instances in which natives have been shot by the Boers and which involve the loss of 84 lives, was issued by the war office last night.

In some of the cases mentioned the blacks were shot after an informal court martial or upon being accused of spying, but in numerous instances Lord Kitchener indicates the natives were shot in cold blood in order to hide traces of the movements of Boer commandoes.

The period covered by Lord Kitchener's statement is over a year.

IMPRESSIVE SERVICES

CONFIRMATION OF NEW MEMBERS OF ST. STEPHEN'S.

Twenty-Four Were Added—An Able Discourse By Bishop Leonard.

The confirmation services at St. Stephen's Episcopal church last night were very impressive. The church was beautifully decorated with white lilies, roses, carnations and chrysanthemums. The finest of music was rendered by the vested choir and congregation.

The Right Rev. W. A. Leonard, of Cleveland, bishop of Ohio, presided. He was ably assisted by Rev. W. Hinkle, of Steubenville, and the rector, Rev. Edwin Weary. There were 24 members confirmed and admitted to full membership of the church.

Bishop Leonard's address to the members was pleasing and exceedingly interesting and appropriate. His sermon on the Bible was also strong and able and was delivered in an eloquent manner.

During the present year two services of the kind have been held and a total of 62 members admitted to the church.

A. O. H. AUXILIARY

Vice President—Mrs. John McBride.
Recording Secretary—Miss Nora Fitzgerald.
Financial Secretary—Miss Mary Maley.
Treasurer—Miss Sadie Murray.
Sergeant-at-Arms—Miss Belle Gallagher.
Sentinel—Miss Mamie Fitzgerald.

Elevator Problem Solved.

Columbus, December 12.—(Special)—R. M. Hull, of Sallineville, attended a meeting of the deputy factory and workshop inspectors here yesterday afternoon. He said that the troublesome elevator question in East Liverpool had been solved, at least to the extent that the danger would be almost entirely eliminated. He will be in East Liverpool on Friday.

DRUNK THE FIRST DAY

Dominick Ferra, of Wellsville, Released From the Pen And Shipped Home.

Columbus, December 12.—(Special)—Dominick Ferra, a Columbiana county prisoner, was discharged from the penitentiary Tuesday. He was sent up for a year for shooting at a woman who refused to pay a bill. He was in the fruit business at Wellsville at the time.

Ferra was picked up by the police on the streets of Columbus hopelessly intoxicated. His joy upon securing his liberty was so great that he was moved to celebrate and he filled up on bad whisky. His enforced abstinence while in left him in no condition to consume the large quantity of liquor he absorbed.

When he began to sober up he was stricken with severe abdominal pains, which for a time it was thought would result seriously. Medical treatment brought him around all right, however, and yesterday he was placed on a train and the conductor instructed to put him off at Wellsville.

Mrs. Patrick Campbell is said to be the only actress in England whom the present queen has received on intimate terms.

Mrs. May Preston Slosson, the wife of the vice president of the faculty of the University of Wyoming, is the only woman chaplain of a prison in the United States.

Mrs. Maria Ferguson of Los Angeles, Cal., has issued the first Dawson City, Yukon and Alaska territory directory. The volume contains 900 pages and many valuable mining maps.

The Duchesse d'Uzes, already one of the wealthiest women in France, will receive a substantial addition to her fortune through the will of the Duc de Narbonne-Lara, her grand-uncle, who died recently, leaving an estate worth \$5,000,000.

Mrs. Laura A. Alderman of Hurley, S. D., owns and cares for one of the largest apple orchards in that state. It contains 130 acres, and from eight to ten thousand bushels are gathered each year. Her father was closely related to Colonel Ethan Allen of Vermont.

Mrs. Theresa Wilcox, wife of the delegate to congress from Hawaii, is proprietor of a semi-weekly newspaper in Honolulu printed partly in English and partly in Hawaiian. Its announced purpose is to support the Home Rule party and the interests of the native Hawaiians.

Mrs. John A. Logan will, for the first time in several years, live this winter at Calumet place, her home in Washington. She will set apart the large wing room on the east side as a museum for the thousands of trophies and mementoes of the civil war owned by her husband at the time of his death.

Mrs. Jenkins, wife of Governor Jenkins of Oklahoma territory, is a Quaker preacher and is noted for her charitable acts. She fills the pulpit of the local Quaker church every Sunday and visits regularly the United States jail in Guthrie and ministers to the material as well as the spiritual wants of the prisoners.

Twenty-Four Were Added—An Able Discourse By Bishop Leonard.

The confirmation services at St. Stephen's Episcopal church last night were very impressive. The church was beautifully decorated with white lilies, roses, carnations and chrysanthemums. The finest of music was rendered by the vested choir and congregation.

The Right Rev. W. A. Leonard, of Cleveland, bishop of Ohio, presided. He was ably assisted by Rev. W. Hinkle, of Steubenville, and the rector, Rev. Edwin Weary. There were 24 members confirmed and admitted into full membership of the church.

Bishop Leonard's address to the members was pleasing and exceedingly interesting and appropriate. His sermon on the Bible was also strong and able and was delivered in an eloquent manner.

During the present year two services of the kind have been held and a total of 62 members admitted to the church.

DRUNK THE FIRST DAY

Dominick Ferra, of Wellsville, Released From the Pen And Shipped Home.

Columbus, December 12.—(Special)—Dominick Ferra, a Columbiana county prisoner, was discharged from the penitentiary Tuesday. He was sent up for a year for shooting at a woman who refused to pay a bill. He was in the fruit business at Wellsville at the time.

Ferra was picked up by the police on the streets of Columbus hopelessly intoxicated. His joy upon securing his liberty was so great that he was moved to celebrate and he filled up on bad whisky. His enforced abstinence while in left him in no condition to consume the large quantity of liquor he absorbed.

When he began to sober up he was stricken with severe abdominal pains, which for a time it was thought would result seriously. Medical treatment brought him around all right, however, and yesterday he was placed on a train and the conductor instructed to put him off at Wellsville.
